

The choice is clear in the Virginia Race for the U.S. Senate

TO REDUCE THE PRICE OF GAS, DRILL HERE, DRILL NOW!

To increase the supply of oil and bring gas prices down, **Jim Gilmore** believes we must **drill for oil in the U.S.** to increase American oil production so that we can begin to immediately bring down gas prices – and not be held hostage by hostile nations and greedy oil speculators!

Mark Warner is endorsed by the Sierra Club and says he wants to wean Americans off of oil. Mark Warner has said he is against drilling in ANWR in Alaska and vetoed 2005 legislation that would have allowed offshore drilling.

REDUCE TAXES TO CREATE JOBS FOR WORKING VIRGINIANS

Jim Gilmore cut taxes \$1.5 billion for Virginia's working families and will fight for lower taxes in Washington. As a U.S. Senator Jim Gilmore will work to reduce the cost of government by eliminating earmarks and pork barrel spending.

Mark Warner promised he would not raise taxes on Virginians while campaigning for Governor, but broke his word after he was elected and raised taxes \$1.4 billion on Virginians. Now he wants to roll back the 2001-2003 tax cuts – a plan that will raise taxes over \$3,000 for the average Virginia family and cost one million jobs nationwide.

LET'S PRESERVE OUR VIRGINIA VALUES

Virginia's legacy of traditional values is ingrained in Jim Gilmore: faith, family, patriotism, justice, free enterprise and defense of our nation. Jim Gilmore shares these values with Virginia's working families. He has promoted traditional marriage and a culture of life and fought to protect the 2nd Amendment.

Mark Warner increased taxes, increased spending, and increased the size of government. He opposed banning partial birth abortions and worked against the constitutional amendment protecting traditional marriage.

WHICH CANDIDATE CAN YOU TRUST?

Jim Gilmore is a straight talker who keeps his promises and does what he says he'll do.

Mark Warner is a tax and spend limousine liberal who says one thing to get elected and then does something else when he is in office.

The choice is clear: Jim Gilmore for U.S. Senate. Please vote for Jim Gilmore and support his efforts to reduce gas prices and lower taxes for you and your family.
